

The Boshell Diabetes and Metabolic Diseases Research Program at Auburn University invites you to attend . . .

Friday, March 3, 2017 • 6:30 pm

Billy Mills

Running Strong

Billy Mills Olympic Gold Medalist

The Boshell Diabetes and Metabolic Diseases Research Program at Auburn University is dedicated to world-class investigation into the causes and treatment of diabetes.

The 10th Annual Research Day brings together experts from around the United States to present current topics related to diabetes and the role of obesity in its development.

Join us for our evening banquet at The Hotel at Auburn University and Dixon Conference Center and hear special guest speaker **Billy Mills, Olympic Gold Medalist**. Mills is co-founder of the nonprofit group Running Strong for American Indian Youth. He now acts as a spokesperson for the group and travels the country speaking out for and on behalf of Native American communities. Mills charity work also includes diabetes prevention and management education for adults and especially for youth. Being a diabetes patient himself, Mills helps people with diabetes learn how to maintain a healthy lifestyle and improve their lives.
